

Clothes For Gentlemen!

You Can't Always Tell a Gentleman by His Clothes, but Most Gentlemen Wear Good Clothes for All That

It isn't a matter of time and experiment to select them either any more than it is a matter of large expense—all you have to do is to go to the right store.

A suit like the one illustrated for instance may be had as low as \$10.00 or as high as \$20.00 here. Between these figures you can surely find the suit and the price that will exactly meet your wishes. Our Schloss Clothes of which this is an example are gentlemen's clothes of the best kind. Let us show you the new fall styles, just in.

CHAPTER XXIX.

THE WAY TO THE SEA.

KENEKES did not remain long in the apathy of amazement and helplessness. Consternation possessed him the instant he roused himself sufficiently to realize and speculate. He had saved the king and exposed Har-hat, but the accomplishing of this temporary good had forced the probable commission of a great evil. If death in some form did not overtake the fan bearer he could enrich and strengthen himself from Israel. Then, even if Menephtah's army did not continue to follow him, he would be enabled to buy mercenaries and return equipped to do battle with Menephtah, even as he had vowed. The flower of the military was with him; the Pharaoh was incapable and Egypt demoralized. The success of the traitor seemed assured. What

then of Rachel, of his own father, of the faithful ministers, of all whom Kenekes had loved or befriended? The thought filled him with resolution and vigor.

"If the Lord God of Israel overtakes him not," he said, returning to the king, "then must I! For in my good intent it seems that I have undone thee. Hotept," he continued, taking the scribe's hands, "let my father know that I did not with the firstborn; also thou seest the danger into which the nation hath descended in this hour. Help thou the king! I return not. Farewell!"

He kissed the scribe on the lips and, freeing himself from his clinging hands, ran through the broken line of the royal guards.

The army was already a compact cluster in the center of a rolling cloud of dust to the south.

When Nechutes had aroused him before daybreak the cupbearer had brought Hotept with him, and while the messenger broke his fast he had availed himself of the scribe's presence to learn many things. Not the smallest part of his information was the fact that the Pharaoh's scouts had located Israel encamped on a sedge plain at the base of a great hill on the northernmost arm of the Red sea. Menephtah's army had marched twenty-five miles due south of Pithom and pitched its tents for the night. It was twenty-five miles from that point to Baal-Zephon or the hill before which Israel had camped. The fugitives had chosen the smoothest path for travel, keeping along the Bitter lakes, that their cattle might feed. Their track led in a southeasterly direction.

But Har-hat, making off with the army, had struck due south. He had chosen this line for more than one advantage it offered. The Arabian desert approached the sea in a series of plateaus or steps. The most westerly was surmounted by a ridge of high hills, higher probably than any other chain within the boundaries of Egypt. The most easterly overlooked the seaboard and was originally, it may be, the old sea margin. At points the tableland advanced within sight of the water, at other localities an intervening space of several miles lay between it and the sea. The summit was flat, at least smooth enough for the passage of horsemen, and at all times it was a good field for strategic maneuverings by an army arrayed against anything which might be on the beach below.

The slaves were entrapped. The pursuer had to follow the pursued in the only open direction and overtake the starving, thirsting multitude at last. But from Har-hat's movement he had meant to continue along this plateau out of sight of Israel until he had posted part of his army in the way of escape to the south. Kenekes reached this conclusion without much pondering. He had his own maneuverings in mind. Of the captain of Israel, Prince Moses, he would discover, first, if the Lord God had prepared him against Har-hat. The grave question answered to the repose of his mind concerning the welfare of Israel, the path of his next duty would be clearly laid before him. He would join the army and take the life of the fan bearer for the sake of all he loved and Egypt. In the course of the day's events his motive had been exalted from the personal desire for revenge to the high intent of a patriot. He felt most confident that he would forfeit his own life in the act.

Not an instant did he hesitate. Ahead of him was the narrow bed of a miniature torrent which rolled out of the desert during the infrequent rains. Now it was dry, packed hard, free of all obstructions except the great boulders and led in a comparatively straight line toward the sea. It was an ideal stretch for running.

He summoned all his forces, gathering in a mighty mental effort, all that depended on his speed, and took the path with a leap. The dazed king and his ministers saw him with whom they had that moment talked stretch a vast and ever widening breach between them with a bat-like swoop, and while they watched he was swallowed up in the distance.

The bed of the torrent served him for the first few miles. Then it turned abruptly toward the Bitter lakes. He left it and entered the rougher country. Thereafter no great bursts of speed were possible, because the runner had to pick his way. He ran, not with a steady pace, each stride equal to the preceding, but with bounds, aside and forward, dimly calculating the safety of the foothold.

Suddenly a column of sand rose under his feet and he dashed through it. Blinded and choking, he cleared his eyes, caught his breath and ran on. A gust of wind, like a breath of flame, met him from the east and passed. Then he realized that the atmosphere had thickened, as if an opaque cloud of heat had enveloped the earth. He glanced at the sky and saw that it was strewn with fragmentary clouds, but a little south and east of him was the pillar, unmoving and gilded royally. There was a storm in the air.

Finally the region began to grow level, proving the proximity to the sea. In another moment he came upon the old sea bed. It was sandy, sedge grown, with here and there a palm, and tremendously trampled.

Israel had passed this way. The clash and ring of meeting metal fell on his ear. He looked and saw ahead of him two men fighting with a third. Three horses with empty saddles nervously watched the fray.

The single combatant was a soldier in the uniform of a common fighting man. One of the pair was a tall Nubian in a striped tunic; the other was an Egyptian, short, fat, purple of countenance—Unas!

With a furious exclamation, Kenekes slackened his pace only long enough to undo the falchion at his side and rushed to the fight. It did not matter to him who the soldier was or what his cause. The fact that he was fighting the emissaries of Har-hat was sufficient indorsement of the lone soldier, but even as he sprang forward Unas sank on the sand, moved convulsively once or twice, and lay still.

The soldier staggered back from the second servitor and fell. The Nubian, standing over him, swung his heavy weapon aloft, but Kenekes thrust his falchion over the fallen man and caught the blow as it descended upon the broad back of the blade.

"Set receive your cursed soul!" the Nubian snarled. Kenekes leaped across the prostrate soldier, and simultaneously the weapons went up, descended and clashed. Then followed a wild and fearful battle.

The Egyptian falchion was nothing more than a sword-shaped ax. Therefore these were not tongues of steel

The Nubian swung his heavy weapon aloft.

which would whip their supple length one across the other and fill the air with the lightning of their play and the devilish beauty of their music. The vanquished would not taste the nice death of a spitted heart. There was yet the method of the stone ax warriors in this battle, and he who fell would be a fearful thing to see.

Perhaps it was because Kenekes was stronger and more agile; perhaps he remembered Deborah at that moment, or perhaps he was simply a better fighter. Whatever the cause, his blade went up and descended at last before the Nubian could parry, and the second servitor of Har-hat fell on his face and died.

Chilled by the instant sobering which follows the taking of life, the young man sickened and whirled away from the quivering flesh. Plunging his falchion in the sand to hide its stain, he went back to the fallen soldier.

He knew by the look on the gray face, by the dark pool that had grown beside him, that the warrior had fought his last fight. Kenekes raised the man's head and heard these words faintly spoken:

"He sent them in pursuit. I knew he meant to do it, but I could not get near to kill him. So I followed them. But thou art her lover. Do thou protect her now."

"Her! Rachel?" Kenekes cried. "Who art thou?"

"Atsu, once her taskmaster, always her"—the voice died away.

"Where is she?" Kenekes implored. "In the name of thy gods, go not yet! Where is she?"

"The lips parted in answer, but no sound came. The arm went up as if to point, but it fell limp without indicating direction, and with a sigh the soldier turned his face away.

Sobbing, wild with anxiety and grief, Kenekes shook the inert body, pleading frantically for some sign to guide him to Rachel. But there was no response, for the dead speak not out of Amenti.

Martinique Laborers For Panama Canal Mutiny at Colon.

REFUSED TO DISEMBARK

Declaring That They Had Learned Conditions Were Intolerable the Islanders Wouldn't Land.

They Were Finally Forcibly Ejected From the Vessel by Canal Zone Policemen.

Colon, Oct. 2.—Six hundred and fifty laborers from Martinique, brought here Friday on the French steamer Versailles under contract to work on the canal, refused to disembark or to submit to vaccination, which is imperative under the American sanitary regulations. They clamored to be taken back to Martinique, asserting that they had been misinformed as to the conditions here before they embarked and that later they learned these conditions were intolerable and deadly.

Saturday morning, however, 500 of them were with difficulty persuaded to land, and these were sent to points along the line of the canal. One hundred and fifty remained on board and declined to leave the ship under any consideration. These were forcibly ejected from the vessel Sunday afternoon by Panamanian and canal zone policemen, but not until nearly every one of them had been clubbed and several were bleeding from nasty wounds.

Early Sunday morning the French consul at Colon, M. Bonhenry, appealed to the men to listen to reason, explaining that they had left Martinique under contract with the canal zone emigration agent guaranteeing the payment of their passage here, and that while working on the canal they would have in addition to their wages the guarantee of free quarters and free medical attendance.

Seeing that resistance was useless the men yielded, came ashore and began to eat the food which had been placed on the dock in sight of them for several hours. Many of them had not eaten since Saturday. At 5 o'clock all the laborers, who were in pitiable condition, were placed on board a train which left for Corozal, where they will be put to work.

DEED OF A MANIAC

Illinois Woman Kills and Cremates Seven Children and Kills Herself.

Cambridge, Ill., Oct. 2.—Mrs. Clarence Markham, thirty-five years old, living seven miles southwest of Cambridge and four miles southeast of Andover, cut the throats of her seven children with an ax. Then placing the bodies in a row on the bed she sprinkled kerosene about the room and set fire to the house. The woman then gashed her own throat with a butcher knife and lay down on the floor to await destruction by the flames.

Neighbors who saw smoke coming from the farm-house sent out an alarm and in a few minutes people were on the scene.

The first to arrive saw Mrs. Markham rush from the burning house, then enveloped in flames, and fall in the yard. The neighbors found it impossible to enter the house because the fire blocked every entrance. The dying woman confessed the awful deed and told some of the details.

Clarence E. Markham, husband and father of the victims of the tragedy, committed suicide by shooting himself a few hours after receiving information of his wife's awful deed.

The oldest child was eight years old and the youngest an infant in arms. Mrs. Markham had been in a weak mental condition for some time, and the father had kept the older children home from school in order that they might look after her. She had little to do with the neighbors and not much is known of her peculiarities. She put a letter in the mail for her husband, saying she killed the children with the ax and then set fire to the oil-saturated beds. She did it for the children's sake, she said.

Everybody Busy in New York. Albany, N. Y., Oct. 2.—In its last quarterly bulletin just published, the state department of labor calls attention to a marked improvement in trade, which began in the middle of 1904 and has continued almost uninterruptedly. The department says that now there are relatively fewer idle wage earners in New York than there were even in 1902, the most prosperous year of the decade.

Didn't Tarry at Chicago.

Chicago, Oct. 2.—William H. Taft, secretary of war, and the party which accompanied him through the far East, arrived in Chicago Sunday afternoon and left for Washington at 7 o'clock last night. During the short stop in Chicago none of the members of the party left the cars.

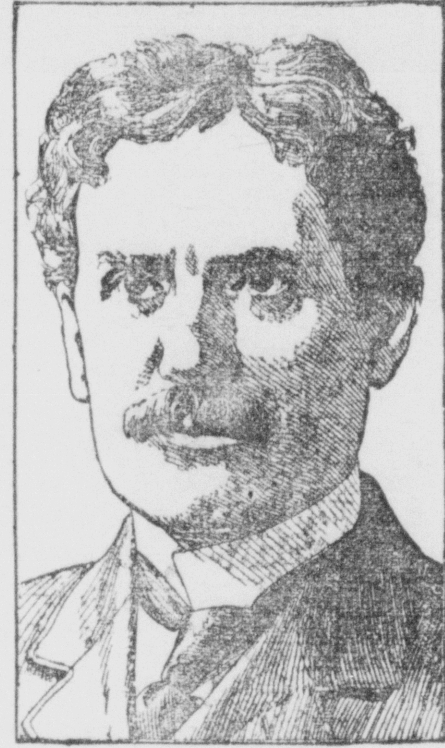

Homeward Bound.

Tokio, Oct. 2.—Miss Alice Roosevelt arrived at Shimonoseki Sunday morning and went aboard the steamer Minnesota without going ashore. The Minnesota left for Yokohama at 11 o'clock.

KEEPING OUT OF IT

Governor Hanly Not Inclined to Mix Up in Ohio Campaign.

Indianapolis, Oct. 2.—It is reported here today that Governor Hanly will stump Ohio for Governor Herrick, but if he has received an invitation it has come within the last week, as he informed one of his closest friends a few days ago that he had not been asked to do any campaigning in Ohio. The governor could not be seen regarding

MYRON T. HERRICK, GOVERNOR OF OHIO.

the matter, but his friend intimated that the governor would probably refuse the invitation if it should be tendered. "Of course," said he, "the governor could not very well state to the public that he would rather not take the stump for Governor Herrick because of the latter's relations with the Anti-Saloon League. He would probably say that his duties here require his time, but from what I know he is not inclined to mix up in the Ohio campaign."

Dan Storms, secretary of state, and other officials who are entrusted with state money, made their quarterly settlement today, according to the expressed wishes of the governor. The governor's attitude promises for the present to put an end to lending of the state's money. There are a number of ex-officials who are now living in luxury with the money they obtained by lending and investing the funds in their hands between settlement periods. David E. Sherrick was merely following in their footsteps, but the get-rich-quick schemes were his nemesis. If he could have been satisfied with the 2, 3 or 4 per cent sure things in which his predecessors invested he doubtless would have been able to retire with well-lined pockets. The system has been countenanced by leaders of both parties, who, way down in their hearts, said to be very bitter toward Governor Hanly for attempting to put a stop to it. Under the circumstances it is very likely that the governor will so strongly condemn the system in his message to the next legislature that some stringent legislation to forever prevent it may be attempted.

Since Governor Hanly made his appeal to the public for assistance in closing the Monte Carlos at French Lick and West Baden the public has been waiting anxiously to see him make some move in the game, but so far there has been nothing doing openly. There is no doubt, however, that he is getting ready to fire a broadside and it may be expected at any time. It is understood that the governor will place all the information he has in the hands of the attorney general with a request that the latter take immediate action. The attorney general does not care to make known his policy in advance, but if he is unable to prevail on the local authorities to act he may go after the two big hotel companies for permitting gambling on their premises.

J. A. Darragh, a mining engineer from Cambourne, British Columbia, called at the office of State Geologist Blatchley today to inform him of the result of a prospecting tour in Brown county, Ind. He found several diamonds, sapphires and agates which he exhibited to Mr. Blatchley. He says the stones were of glacial origin and that they were brought down through this country from the neighborhood of James bay, British America. He is now en route to British America, for the purpose of trying to locate the spot where the glacier started from. He will return to Brown county, however, as he believes there are many precious stones there.

SHERIFF MEANT BUSINESS

Officer Appears at Ringside and Puts Whole Crowd Under Arrest.

Newport, Ind., Oct. 2.—Sheriff J. Stephen Sunday afternoon broke up a prize fight by appearing at the ringside in the woods near the Indiana-Illinois state line, arresting 300 spectators and bringing two of the principals to jail.

Kid Hubert of Kansas City and Carl Anderson of Hammond, Ind., were scheduled to go twenty rounds. The men were in the ring when the sheriff appeared and announced that everybody was under arrest. The crowd then made a break for the woods. Anderson and his manager, Kid Hennessy of Danville, Ill., were handcuffed together and brought here. Hubert, who was stripped for the fight, escaped with the crowd. Most of the spectators were from Danville.

Carved Figures Were Found Possessing Chinese Features and Showing the Chinese Dress.

Mexico City, Oct. 2.—Explorations made at an old Toltec pyramid on the Magueyitos hacienda in the state of which proves it to be far older than the Aztec monarchy and possibly older which proves it to be far older than the Aztec monarchy and possibly older even than the Toltec occupation of the country. Several elaborately carved figures were found representing men in Chinese dress and with marked Chinese features. The figures probably represented warriors. Antiquarians are much puzzled over the matter, for the evidence points to Chinese settlement in Mexico in past ages.

DEADLY WRECK

Pullman Cars Thrown Down Embankment in St. Paul Yards.

St. Paul, Minn., Oct. 2.—A Chicago Great Western stock train, running about twenty miles an hour as it was going through the St. Paul railroad yards at 9:30 o'clock Sunday morning, struck the middle of a Soo line passenger train which had just left the Union station, and hurled two Pullman sleepers over a retaining wall to the bottom of a gully twenty feet below. One sleeper landed bottom side up and the other fell on its side. Both cars were wrecked. Mrs. Clara N. Cross of Minneapolis was so badly injured that she died in St. Joseph's hospital shortly after being taken there, and nine others were seriously injured, while a score or more were less seriously hurt.

The Soo train had arrived from Montreal thirty minutes late and was bound for Minneapolis, running, so witnesses say, about thirty miles an hour. As it neared Fourth street the track on which it was running leads to an inside double track. Here the engineer of the Soo train sighted the Great Western cattle train going for the South St. Paul stockyards and heading for a split switch which connects the outside and inside tracks. The engineer of the Great Western train whistled for brakes, showing that his air-brakes were not working and as a warning to the Soo train, but it evidently was not heard, as the Soo train failed to slacken.

The engine and first sleeper of the Soo train got safely across the switch, but the second and third sleepers were hit. The end of the fourth sleeper was partially wrecked.

Patrick's Final Appeal.

Albany, N. Y., Oct. 2.—The final effort to save Albert T. Patrick, condemned to die for the murder of Wm. Marsh Rice, is in progress before the

state court of appeals today. Ex-Senator David B. Hill will address the court in Patrick's behalf in an effort to obtain a reargument of the appeal recently decided against him.

Flyer Took the Ditch.

Nashville, Tenn., Oct. 2.—The Louisville & Nashville flyer went into an open switch at Goodlets, fourteen miles from Nashville early Sunday morning, colliding with boxcars on the siding with terrific force. The locomotive turned over and the first three cars were damaged. Fireman C. Stanford of Evansville was hurt but not seriously. Engineer James McArthur, also of Evansville, was seriously hurt. Two men are said to have been seen tampering with the switch shortly before the wreck. No passengers were hurt.

Boston Police Make First Arrest in Suit-Case Mystery.

Boston, Oct. 2.—The first arrest in connection with the finding in the harbor near Winthrop on Sept. 21 of a dress-suit case containing the torso of a woman, on whom the medical examiner states an illegal operation had been performed, occurred Sunday, when the police took into custody on suspicion of being an accomplice in the case, William A. Haynes of 52 Chamber street, West End, this city.

The arrest is said to have been made on statements made by Samuel A. Wingfield, who told the police that he had a friend who had cut up a body.

Haynes was examined at length by the police, and while he denied the accusation and claimed that his friend had confused it with his being on a corner's jury, he was locked up. Haynes is a clerk in a shipping office. Wingfield was also held as a witness.

Want to Make It Public.

Edna, Tex., Oct. 2.—The negro, Monk Gibson, wanted for the murder of Mrs. Condit and children, has been located and several posess are in hot pursuit. Capture is deemed certain. H. H. Beasley, a brother of Mrs. Condit, the murdered woman, stated that it was the request of his father and mother that the men be pleaded with in the event Gibson is captured, not to burn him until they could arrive, as they both desired to be present at his execution, and they wanted all the citizens of Edna and Jackson county who desired to see it, to be accorded the privilege. They want the burning to occur in a suitable public place in Edna. The desire of the father and mother has been communicated to all of the posesses.

Austrian Political Riot.

Bruenn, Austria, Oct. 2.—A collision took place here Sunday between rival meetings of Germans and Czechs, resulting from the agitation by the former against the proposed establishment of a Czech university here. Troops were compelled to intervene, but before order was restored 160 persons were injured, some seriously, several police stations were partly wrecked and hundreds of windows were broken.

An Early Report Promised.

Terre Haute, Ind., Oct. 2.—The report of the expert accountants who have been investigating the county records will be made this week. The members of the committee refuse to talk about what has been discovered so far.

Resignation Not Accepted.

Havana, Oct. 2.—A national convention of the Liberal party last night decided not to abandon the presidential campaign and refused to accept the resignation of Jose Miguel Gomez, the party's candidate for the presidency.

Good Boys

Are the bad boys very often. The boy that's good for anything is generally pugnacious. He's a healthy animal, and the healthy animal will always fight for his rights.

When a boy shuns the rough sports of his companions he is apt to be a weakling, and to be conscious of the fact.

A great many mothers have testified to the wonderful curing and strengthening power of Dr. Pierce's Golden Medical Discovery. All strength comes from food after it has been perfectly digested and assimilated. By curing diseases of the stomach and other organs of digestion and nutrition, "Golden Medical Discovery" enables the perfect nourishment of the body, which is thus built up in the only way a body can be built up—by food.

There is no alcohol in "Discovery," and it is entirely free from opium, cocaine, and all other narcotics.

"Dr. Pierce's medicine has done wonders for my two sons," writes Mrs. M. Hartick, of Deuster, Oswego Co., N. Y. "Both had scrofula. My eldest son was taken two or three years ago with hemorrhage from the lungs. It troubled him for over a year. He took Dr. Pierce's Golden Medical Discovery and has not had one in over a year. My younger son had scrofulous sores on his neck; had two lanced, but has not had any since he commenced to take your medicine."

Dr. Pierce's Common Sense Medical Adviser, in paper cover, sent free on receipt of 21 one-cent stamps to pay expense of mailing only. For cloth binding send 31 stamps. Address Dr. R. V. Pierce, Buffalo, N. Y.

Often The Kidneys Are Weakened by Over-Work.

Unhealthy Kidneys Make Impure Blood. It used to be considered that only urinary and bladder troubles were to be traced to the kidneys, but now modern science proves that nearly all diseases have their beginning in the disorder of these most important organs.

The kidneys filter and purify the blood—that is their work.

Therefore, when your kidneys are weak or out of order, you can understand how quickly your entire body is affected and how every organ seems to fail to do its duty.

If you are "feeling badly," begin taking the great kidney remedy, Dr. Kilmer's Swamp-Root, because as soon as your kidneys are well they will help all the other organs to health. A trial will convince anyone.

If you are sick you can make no mistake by first doctoring your kidneys. The mild and extraordinary effect of Dr. Kilmer's Swamp-Root, the great kidney remedy, is soon realized. It stands the highest for its wonderful cures of the most distressing cases, and is sold on its merits by all druggists in fifty-cent and one-dollar sizes. You may have a sample bottle of Swamp-Root by mail free, also a pamphlet telling you how to find out if you have kidney or bladder trouble. Mention this paper when writing to Dr. Kilmer & Co., Binghamton, N. Y. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

WHAT TO EAT!

Is very often a hard question for the person to solve who is afflicted with a weak stomach. Experience has taught him to select his food with great caution or else suffer from attacks of Heartburn, Bloating, Headache, Cramps, Indigestion, Dyspepsia, Vomiting, Costiveness and Biliousness. Strengthen the digestive organs by taking a dose of Hostetter's Stomach Bitters before meals and be made well again. Insist on having

The superintendent of public instruction, F. A. Cotton, has just issued a bulletin to the teachers of Indiana which should be studied by them very carefully. It deals with the educational outlook in the state at the beginning of another school year, in a concise and suggestive manner. It takes notice of several important topics and discusses them in a practical way. These bulletins are a feature of the department of education that are proving very helpful.

RAILROAD RUMBLINGS

No. 4 was quite late this morning on account of a disabled engine.

The Pennsylvania took a big crowd into Louisville Sunday.

Engineer J. B. Murphy was here from Mitchell today greeting his many friends.

NEW PASTOR.

Pleased The Methodist Congregation Sunday.

Rev. H. H. Allen, the new pastor of the First M. E. church, arrived Saturday evening and remained until Monday morning. He preached both forenoon and evening and was given a splendid hearing.

The congregation was delighted with his sermons and his pleasing personality. A large part of the membership of the church heard him and personally greeted him and bid him welcome. He is certainly a man of splendid ability and a strong preacher and the Seymour church can count herself fortunate in securing him.

Rev. Allen is now packing his goods preparatory to moving his family here from New Albany the latter part of this week.

The new presiding Elder of the Seymour district, Dr. M. B. Hyde, was here the latter part of last week looking for a house in which to move his family. If he succeeds in securing a suitable house he will move here in the near future.

Empyrean Entertainers.

The entertainment to be given at the Christian church Thursday evening Oct. 5, by the Empyrean entertainers is one at which you will want to be present. Each one of the three entertainers are capable of giving full evenings alone and together present an excellent program. William Wellington Norton possesses a full rich bass voice and his violin numbers are also very fine. Miss Kling has a sweet clear and well trained voice and is attractive and pleasing with her readings. Miss Ludwig is a brilliant harp soloist of unquestionable talent. Come and be entertained.

Boys Convicted.

Harvey Ogle and Grover Meyers, the two boys who were placed in jail at Brownstown about two months ago charged with stealing a horse and buggy near Kurtz were found guilty and sentence was passed by the court Monday. Ogle, who is about sixteen years of age, was sentenced to the county jail four months and fined one dollar. The Meyers boy who is younger, about fourteen years of age, was sent to the reform school at Plainfield. These boys have been in jail since their arrest except for about twelve hours on August 4 when they broke jail. The home of the Meyers boy is at Bedford and that of the Ogle boy is at Shelbyville.

Free of Debt.

Dr. F. M. Rains, a brother of Dr. G. W. Rains, of this city, was here Monday morning on his way from Scottsburg. He dedicated the new Christian church at Scottsburg Sunday and reported a splendid service. He raised \$3,500 dedicating the new church free of debt. This new church is a very pretty structure.

Arm Broken.

Carlisle Gossett, son of Mr. and Mrs. A. B. Gossett, had a fall Saturday evening that resulted very unfortunately. His left arm was broken in two places.

A Daredevil Ride

Often ends in a sad accident. To heal accidental injuries, use Bucklen's Arnica Salve. "A deep wound in my foot, from an accident," writes Theodore Schuele, of Columbus, O., "caused me great pain. Physicians were helpless, but Bucklen's Arnica Salve quickly healed it." Soothes and heals burns like magic. 25c at W. F. Peter Drug Co.

ECZEMA ITCHES AND BURNS

The return of warm weather means a return of torture to Eczema sufferers. The blood is charged with burning acids and acid matter which is forced to the surface through the pores and glands, forming pustules which discharge a sticky fluid, and the itching is intense.

The doctors said I had pustular Eczema, mostly on my face and hands, discharging a sticky fluid; crusts would form and drop off, leaving the skin red and inflamed. I was tormented with the itching and burning characteristic of the disease for five years, and during the time used various medicated soaps, ointments and washes, but these applications seemed to make me worse. After taking S. S. S. a short time I began to improve; the itching did not worry me so much. I continued the medicine, and soon all the ugly eruptions disappeared and my skin became as clear as anybody's. I have not been troubled with any breaking out since.

Urbana, O. E. E. KELLY.
Sometimes the disease is in the dry form, and bran-like scales form on the skin, but the cause is the same—humors in the blood. Salves, cooling washes, powders and the like can do nothing more than relieve the itching, because they do not reach the acid-laden blood, the seat of the trouble. S. S. S. cures Eczema and all skin diseases by neutralizing the acids and carrying them off through the proper channels. When S. S. S. has done this the symptoms pass away, the blood is cooled and the disease is cured permanently. Nothing acts so promptly or surely in skin diseases as S. S. S., and it at the same time acts as a tonic to the entire system. Book on Skin Diseases and any medical advice without charge.

DIED.

WALKUP.—Mrs. Martha Walkup, widow of the late George Walkup did Saturday evening at the home of her son Will in East St. Louis. Her sisters, Mrs. Theo. Groub, Mrs. J. W. Bergdoll and Mrs. Alex. Toms, were with her during the past week. Mrs. Walkup was past sixty years of age and lived in this city many years. She leaves two sons, Will C. of East St. Louis, and Harry of Chicago. The remains will be brought here sometime Tuesday and taken to the home of her brother, Thos. J. Clark. The time of the funeral will be announced later.

TERKHOORN.—Wm. F. Terkhorst, aged sixty-six years, eleven months and twenty-four days, died at eight o'clock Saturday evening at his home one mile west of Sauer's church. He was an unmarried man and his twin brother died on the first day of September. The funeral services will be held at eleven o'clock at the house on Tuesday morning and will be conducted by Rev. Pohlman.

GOSS.—Mrs. Josephine Goss died at the family home near Goss Mill in Owen township Sunday morning Oct. 1. She was the wife of ex-Sheriff Goss and had a wide circle of friends. She leaves a husband and several children to mourn her death. Funeral Monday afternoon from the residence conducted by Elder Thos. Jones. Burial in the cemetery near the home.

Sunday some boys went out to Stanfield & Carlson's new mill on the Southern Indiana just west of the city and for their own amusement bombarded the building with stones and other missiles doing several dollars worth of damage. Such acts are anything but commendable.

MARRIED

Mr. Leo Rinehardt and Miss Belva Eveins, both of Brownstown, were married at 9:30 Sunday evening at the home of Mrs. Harriet Lewis, 36 High street. The ceremony was pronounced by Rev. A. B. Conrad in the presence of a very few witnesses. They will make their home at Mitchell.

NEW PAPER.

If it is held that it is claimed for the new German paint is true, says the Philadelphia Record, the white lead base of paints so universally used is doomed. The pigment is obtained from a hard limestone which contains a considerable proportion—20 per cent or more—of magnesia, the best combination being that found naturally in dolomite limestone. This is mixed with a hydrocarbon and fired until all the carbon is consumed. Among the desirable features claimed for the new paint are fineness and smoothness of surface, covering power, permanence and cheapness, quick drying qualities without addition of driers, freedom from yellowing with age and a natural hardening or enameling after a few months. Greatest of all, it may be washed without destroying its original smoothness.

Submarine Bells.

Two submarine bells lately put in position off the coast of Nova Scotia are said to be working admirably. They can be heard at a distance of five miles, as tested by a steamship equipped with a receiving instrument on which the sound is heard. Submarine telephone signals will be established at several other points on the Nova Scotia coast in the bay of Fundy and on the Cape Breton seaboard. The Canadian department of marine has contracted for a large number of these aids to navigation, and it is expected that all steamships running to Canadian ports will soon be supplied with the receiving apparatus, which will enable approach to the coast with safety in all kinds of weather.

Locomotives as Fog Makers.

An engineer asserts that the London fogs are caused largely by the discharge of steam into the air from the 300 or more locomotives operating in the London area. Averaging each engine at 500 horsepower, or a total, say, 150,000 horsepower, and adding 500,000 horsepower from other steam generating sources, gives a total of 650,000 horsepower of steam discharged into the atmosphere. One steam plant of 2,000 horsepower, the engineer figures, will discharge into the air twenty tons of steam per hour, or sufficient to produce a fog twenty feet thick and one mile square.

JOYS OF MATERNITY

A WOMAN'S BEST HOPES REALIZED

Mrs. Potts Tells How Women Should Prepare for Motherhood

The darkest days of husband and wife are when they come to look forward to childless and lonely old age. Many a wife has found herself incapable of motherhood owing to a displacement of the womb or lack of strength in the generative organs.

Frequent backache and distressing pains, accompanied by offensive discharges and generally by irregular and scanty menstruation indicate a displacement or nerve degeneration of the womb and surrounding organs.

The question that troubles women is how can a woman who has some female trouble bear healthy children?

Mrs. Anna Potts, of 510 Park Avenue, Hot Springs, Ark., writes:

My Dear Mrs. Pinkham—

"During the early part of my married life I was delicate in health; both my husband and I were very anxious for a child to bless our home, but I had two miscarriages, and could not carry a child to maturity. A neighbor who had been cured by Lydia E. Pinkham's Vegetable Compound advised me to try it. I did so and soon felt that I was growing stronger, my headaches and backaches left me, I had no more bearing-down pains, and felt like a new woman. Within a year I became the mother of a strong, healthy child, the joy of our home. Lydia E. Pinkham's Vegetable Compound is certainly a splendid remedy, and I wish every woman who wants to become a mother would try it."

Actual sterility in woman is very rare. If any woman thinks she is sterile, let her try Lydia E. Pinkham's Vegetable Compound and write to Mrs. Pinkham, Lynn, Mass. Her advice is free to expectant or would-be mothers.

HERE'S WHAT'S WANTED.

A Citizen Of Seymour Supplies The Information.

Over half the complaints of mankind originate with the kidneys.

A slight touch of backache at first.

Twinges and shooting pains in the loins follow.

They must be checked, they lead to graver complications.

The sufferer seeks relief.

Plasters are tried, and liniments for the back.

So called Kidney cures which do not cure.

The long-looked-for result seems unattainable.

If you suffer, do you want relief?

Follow the plan adopted by this Seymour citizen.

Harrison Dowell of 120 Jeffersonville Ave., gate keeper for P. R. R. says: "I did not use many Doan's Kidney Pills myself but they proved very efficacious. My wife and I procured them at C. W. Milhous' drug store and in addition to our experience which warrants us in recommending them I know of acquaintances who have used them with the best results. We always keep them in the house for they proved a reliable remedy for the back, bladder, or kidneys."

FOR THAT BOY

Who is so Hard on His Clothes

There is no satisfaction in putting a poor suit on a boy, a suit you fear won't stand the strain.
A boys suit ought to be equal to abuse. The foundation of a sturdy suit is the cloth, for if that isn't right, the tailoring is wasted. We have boys suits in double breasted and single breasted in all of the up-to-date styles. Prices range at

\$1.50, \$2.00, \$3.00 up to \$5.00

These suits are made from selected fabrics.

COAL

To find a man or woman in Seymour who has given our Raymond City coal a fair trial, and who has not found it to be all that we have said it is, i. e., as good, if not better than other grades of coal that cost more than does our Raymond City, the price of which is only \$3.50 per ton.

We do not believe that such a man or woman can be found, for everyone who has tried our Raymond City coal has been more than satisfied with their purchase.

For a little while longer we will deliver all the Raymond City coal you want for use this winter for \$3.50 per ton. Later on the price will advance so get your orders in early and we will fill them at once.

THE superintendent of public instruction, F. A. Cotton, has just issued a bulletin to the teachers of Indiana which should be studied by them very carefully. It deals with the educational outlook in the state at the beginning of another school year, in a concise and suggestive manner. It takes notice of several important topics and discusses them in a practical way. These bulletins are a feature of the department of education that are proving very helpful.

NEW PASTOR.

Pleased The Methodist Congregation Sunday.

Rev. H. H. Allen, the new pastor of the First M. E. church, arrived Saturday evening and remained until Monday morning. He preached both forenoon and evening and was given a splendid hearing.

The congregation was delighted with his sermons and his pleasing personality. A large part of the membership of the church heard him and personally greeted him and bid him welcome. He is certainly a man of splendid ability and a strong preacher and the Seymour church can count herself fortunate in securing him.

Rev. Allen is now packing his goods preparatory to moving his family here from New Albany the latter part of this week.

The new presiding Elder of the Seymour district, Dr. M. B. Hyde, was here the latter part of last week looking for a house in which to move his family. If he succeeds in securing a suitable house he will move here in the near future.

Empyrean Entertainers.

The entertainment to be given at the Christian church Thursday evening Oct. 5, by the Empyrean entertainers is one at which you will want to be present. Each one of the three entertainers are capable of giving full evenings alone and together present an excellent program. William Wellington Norton possesses a full rich bass voice and his violin numbers are also very fine. Miss Kling has a sweet clear and well trained voice and is attractive and pleasing with her readings. Miss Ludwig is a brilliant harp soloist of unquestionable talent. Come and be entertained.

Boys Convicted.

Harvey Ogle and Grover Meyers, the two boys who were placed in jail at Brownstown about two months ago charged with stealing a horse and buggy near Kurtz were found guilty and sentence was passed by the court Monday. Ogle, who is about sixteen years of age, was sentenced to the county jail four months and fined one dollar. The Meyers boy who is younger, about fourteen years of age, was sent to the reform school at Plainfield. These boys have been in jail since their arrest except for about twelve hours on August 4 when they broke jail. The home of the Meyers boy is at Badford and that of the Ogle boy is at Shelbyville.

Free of Debt.

Dr. F. M. Rains, a brother of Dr. G. W. Rains, of this city, was here Monday morning on his way from Scottsburg. He dedicated the new Christian church at Scottsburg Sunday and reported a splendid service. He raised \$3,500 dedicating the new church free of debt. This new church is a very pretty structure.

ECZEMA ITCHES AND BURNS

The return of warm weather means a return of torture to Eczema sufferers. The blood is charged with burning acids and acid matter which is forced to the surface through the pores and glands, forming pustules which discharge a sticky fluid, and the itching is intense.

The doctors said I had pustular Eczema; it would break out in small white pustules, mostly on my face and hands, discharging a sticky fluid; crusts would form and drop off, leaving the skin red and inflamed. I was tormented with the itching and burning characteristic of the disease for five years, and during the time used various medicated soaps, ointments and washes, but these applications seemed to make no worse. After taking S. S. S. a short time I began to improve; the itching did not worry me so much. I continued the medicine, and soon all the ugly eruptions disappeared and my skin is now as clear as anybody's. I have not been troubled with any breakouts since. Urbana, O. E. E. KELLY.

Sometimes the disease is in the dry form and bran-like scales form on the skin, but the cause is the same—humors in the blood. Salves, cooling washes, powders and the like can do nothing more than relieve the itching, because they do not reach the acid-laden blood, the seat of the trouble. S. S. S. cures Eczema and all skin diseases by neutralizing the acids and carrying them off through the proper channels. When S. S. S. has done this the symptoms pass away, the blood is cooled and the disease is cured permanently. Nothing acts so promptly or surely in skin diseases as S. S. S., and it at the same time acts as a tonic to the entire system. Book on Skin Diseases and any medical advice without charge.

WALKUP.—Mrs. Martha Walkup, widow of the late George Walkup died Saturday evening at the home of her son Will in East St. Louis. Her sisters, Mrs. Theo. Groub, Mrs. J. W. Bergdoll and Mrs. Alex. Toms, were with her during the past week. Mrs. Walkup was past sixty years of age and lived in this city many years. She leaves two sons, Will C. of East St. Louis, and Harry of Chicago. The remains will be brought here sometime Tuesday and taken to the home of her brother, Thos. J. Clark. The time of the funeral will be announced later.

TERKHORN.—Wm. F. Terkhorn, aged sixty-six years, eleven months and twenty-four days, died at eight o'clock Saturday evening at his home one mile west of Sauers church. He was an unmarried man and his twin brother died on the first day of September. The funeral services will be held at eleven o'clock at the house on Tuesday morning and will be conducted by Rev. Pohman.

Goss.—Mrs. Josephus Goss died at the family home near Goss Mill in Owen township Sunday morning Oct. 1. She was the wife of ex-Sheriff Goss and had a wide circle of friends. She leaves a husband and several children to mourn her death. Funeral Monday afternoon from the residence conducted by Elder Thos. Jones. Burial in the cemetery near the home.

NEW PATENT.

If you feel that is claimed for the new German paint is true, says the Philadelphia Record, the white lead base of paints so universally used is doomed. The new pigment is obtained from a bluish limestone which contains a considerable proportion—20 per cent or more—of magnesia, the best combination being that found naturally in dolomitic limestone. This is mixed with a hydrocarbon and fired until all the carbon is consumed. Among the desirable features claimed for the new paint are fineness and smoothness of surface, covering power, permanence and cheapness, quick drying qualities without addition of driers, freedom from yellowing with age and a natural hardening or enameling after a few months. Greatest of all, it may be washed without destroying its original smoothness.

Submarine Bells.

Two submarine bells lately put in position off the coast of Nova Scotia are said to be working admirably. They can be heard at a distance of five miles, as tested by a steamship equipped with a receiving instrument on which the sound is heard. Submarine telephone signals will be established at several other points on the Nova Scotia coast in the bay of Fundy and on the Cape Breton seaboard. The Canadian department of marine has contracted for a large number of these aids to navigation, and it is expected that all steamships running to Canadian ports will soon be supplied with the receiving apparatus, which will enable approach to the coast with safety in all kinds of weather.

Locomotives as Fog Makers.

An engineer asserts that the London fogs are caused largely by the discharge of steam into the air from the 300 or more locomotives operating in the London area. Averaging each engine at 500 horsepower, or a total of, say, 150,000 horsepower, and adding 500,000 horsepower from other steam generating sources, gives a total of 650,000 horsepower of steam discharged into the atmosphere. One steam plant of 2,000 horsepower, the engineer figures, will discharge into the air twenty tons of steam per hour, or sufficient to produce a fog twenty feet thick and one mile square.

Last Hope Vanished.

When leading physicians said that W. M. Smithart, of Pekin, Ia., had incurable consumption, his last hope vanished; but Dr. King's New Discovery for consumption, coughs and colds kept him out of his grave. He says: "This great specific completely cured me and saved my life. Since then, I have used it for over ten years, and consider it a marvelous throat and lung cure." Strictly scientific cure for coughs, sore throats or colds; sure preventive of pneumonia. Guaranteed, 60c and \$1.00 bottles at W. F. Peter Drug Co. Trial bottle free.

JOYS OF MATERNITY

A WOMAN'S BEST HOPES REALIZED

Mrs. Potts Tells How Women Should Prepare for Motherhood

The darkest days of husband and wife are when they come to look forward to childless and lonely old age. Many a wife has found herself incapable of motherhood owing to a displacement of the womb or lack of strength in the generative organs.

Mrs. Anna Potts

Frequent backache and distressing pains, accompanied by offensive discharges and generally by irregular and scanty menstruation indicate a displacement or nerve degeneration of the womb and surrounding organs.

The question that troubles women is how can a woman who has some female trouble bear healthy children?

Mrs. Anna Potts, of 510 Park Avenue, Hot Springs, Ark., writes: "My Dear Mrs. Pinkham:—During the early part of my married life I was delicate in health; both my husband and I were very anxious for a child to bless our home, but I had two miscarriages, and could not carry a child to maturity. A neighbor who had been cured by Lydia E. Pinkham's Vegetable Compound advised me to try it. I did so and soon felt that I was growing stronger, my headaches and backaches left me, I had no more bearing-down pains, and felt like a new woman. Within a year I became the mother of a strong, healthy child, the joy of our home. Lydia E. Pinkham's Vegetable Compound is certainly a splendid remedy, and I wish every woman who wants to become a mother would try it."

Actual sterility in woman is very rare. If any woman thinks she is sterile, let her try Lydia E. Pinkham's Vegetable Compound and write to Mrs. Pinkham, Lynn, Mass. Her advice is free to expectant or would-be mothers.

HERE'S WHAT'S WANTED.

A Citizen Of Seymour Supplies The Information.

Over half the complaints of mankind originate with the kidneys.

A slight touch of backache at first.

Twinges and shooting pains in the loins follow.

They must be checked, they lead to graver complications.

The sufferer seeks relief.

Plasters are tried, and liniments for the back.

So called kidney cures which do no cure.

The long-looked-for result seems unattainable.

If you suffer, do you want relief?

Follow the plan adopted by this Seymour citizen.

Harrison Dowell of 120 Jeffersonville Ave., gate keeper for P. R. R. says: "I did not use many Doan's Kidney Pills myself but they proved very efficacious. My wife and I procured them at C. W. Milhous' drug store and in addition to our experience which warrants us in recommending them I know of acquaintances who have used them with the best results. We always keep them in the house for they proved a reliable remedy for the back, bladder, or kidneys."

Our Grand Opening of Fall Millinery Awaits You

TUESDAY, OCTOBER 3--ALL WEEK

No matter where you turn in our millinery department new and delightful surprises will greet you.

This is the time welcomed by clever women who like to be always just a little ahead of the crowd, who appreciate the opportunity to choose while all the hats are here.

No matter where you go to look, you will choose your new hat here, at this store, we know that, for all our former efforts have been eclipsed; more hats are here, each and every one more beautiful than at any previous time.

Hats to suit every taste, hats that are exclusive, richly elaborated, full of the most superb and striking style ideas of the year.

Hats that are more subdued, yet superb in their quiet elegance and beauty, hats for the most dressy and formal occasions, chic hats for street wear, smart hats for the business woman.

Come at once and learn the truth of our statement that nowhere will your money, whether the amount you spend be large or small, buy so much of exquisite modishness and worth.

FOR THAT BOY

Who is so Hard on His Clothes

There is no satisfaction in putting a poor suit on a boy, a suit you fear won't stand the strain.

A boys suit ought to be equal to abuse. The foundation of a sturdy suit is the cloth, for if that isn't right, the tailoring is wasted. We have boys suits in double breasted and single breasted in all of the up-to-date styles. Prices range at

\$1.50, \$2.00, \$3.00 up to \$5.00

weekly newspaper edited expressly for
every State and Territory. The News
of the World so arranged that busy
people can more easily comprehend,
than by reading cumbersome columns
of dailies. All current topics made
plain in each issue by special editorial
matter written from inception down
to date. The only paper published
especially for people who do or do not
read daily newspapers, and yet thirst
for plain facts. That this kind of a
newspaper is popular, is proven by
the fact that the Toledo Blade now
has over 185,000 yearly subscribers,
and is circulated in all parts of the U.
S. In addition to the news, the Blade
publishes short and serial stories, and
many departments of matter suited to

Notice of Sale of Bonds.

OFFICE OF CLERK OF THE CITY OF SEYMOUR
INDIANA, SEPTEMBER-1905.
Sealed proposals will be received at this
office until 10th day of Nov., 1905, at twelve
o'clock M., for the purchase of City Building
Bonds of the City of Seymour, bearing date
the 10th day of Nov. 1905. Four bonds payable
the 10th day of November, 1921, and four bonds
each year from said date thereafter, except
the last payment will be two bonds, each
bond being for the sum of \$500.00, and bearing
interest at the rate of four per centum per
annum, payable semi-annually. Said bonds
are issued for the purpose of raising a fund
for the erection of a city building, in pursu-
ance of an act of the General Assembly of
the state of Indiana, entitled "An Act con-
cerning municipal corporations, approved
March 6, 1905, and prescribing rules and reg-
ulations concerning the borrowing of money
by cities of the Fifth Class. And of an ordi-
nance entitled "An Ordinance authorizing the
borrowing of Fifteen Thousand Dollars, and
notice of sale of bonds therefore," passed by
the Common Council the 14th day of Sept.
1905, authorizing this issue.
Said bonds will be sold to the highest bid-
der at not less than their par value.
Bidders are required to state the number
and kind of bonds bid for, and the gross
amount they will pay for the bonds bid for
and accrued interest to date of transfer. The
right to reject any and all bids is reserved.
Proposals must be sealed and indorsed "Bids
for Bonds."

GIVE UP THE FIGHT
Gaynor and Greene Will at Last Be
Brought Over the Line.

Montreal, Oct. 2.—The two United
States marshals who came here to get
Captain Greene and Colonel Gaynor
went to Ottawa today to deliver their
credentials to the governor general of

JOHN F. GAYNOR.

Canada. This course is somewhat un-
usual and is regarded as a mark of
courtesy in this particular case, as it
will facilitate matters for the Canadian
officials. The marshals expect to
leave Montreal on Wednesday with
their prisoners.

It is reported that counsel for Gay-
nor and Greene have asked the minis-
ter of justice for a hearing before he
signs the papers. Discussing the situ-
ation, Doland MacMaster, one of the
counsel for the United States, said:
"The court having decided that Judge
LaFontaine's commitment of Gaynor and
Greene for surrender is good, nothing
remains now but to issue the warrant
for their surrender to the United
States. That is a function obligatory
upon our minister of justice. That is
the duty of the executive authority
under the law and under the treaties.
To fail to do so promptly would be a
breach of international good faith that
no government could commit. Up to
Saturday the warrant had not been
signed. Why, I do not know. Every
formality has been complied with.
The matter is now between govern-
ments, not between lawyers. I cannot
imagine that the Canadian government
will compromise itself by permitting
any interference."

"The courts have done their duty.
It is now up to the government of
Canada. I am satisfied the govern-
ment will do its duty, especially in a
matter that concerns our traditional
self-respect and our obligations to a
friendly neighboring nation."

Dowie Sees End Nearing.

Chicago, Oct. 2.—John Alexander
Dowie, who claims to be the reincar-
nation of the Prophet Elijah and to
have divine power to cure all diseases,
has been stricken by paralysis.
Dowie is on his way to Mexico and the
disease attacked him while on the
train. In a letter to his followers at
Zion City Dowie announces that he
has chosen his successor, but that the
name will not be revealed until after
his death.

Millionaire's Poor Stomach.

The worn-out stomach of the over-fed
millionaire is often paraded in the
public prints as a horrible example of
the evils attendant on the possession
of great wealth. But millionaires are
not the only ones who are afflicted
with bad stomachs. The proportion is
far greater among the toilers.
Dyspepsia and indigestion are rampant
among these people, and they suffer
far worse tortures than the millionaire
unless they avail themselves of a
standard medicine like Green's August
Flower, which has been a favorite
household remedy for all stomach
troubles for over thirty-five years.
August Flower restores the torpid liver
thus creating appetite and insuring
perfect digestion. It tones and vitalizes
the entire system and makes life worth
living, no matter what your station.

Take Care

Of Your Heart.
It is the engine that forces
the blood to every part of the
body; this blood conveys the
nourishment that makes flesh,
bone and muscle; it also car-
ries off the worn-out particles.

If the heart flutters or palpi-
tates, it is weak, and is work-
ing imperfectly, so that the
body does not get this nourish-
ment; it also fails to throw off
the impurities, and they re-
main to poison the system.

If it is irregular, skips beats,
or is painful, the heart is prob-
ably "leaky" and the circulation
poor. These conditions are
dangerous. You can make
your heart well, and keep it
so, with Dr. Miles' Heart Cure,
which is a heart medicine and
tonic that strengthens the
heart nerves and muscles.

"I have been a sufferer for years
from nervousness and weak heart, and
I have tried all the doctors in the
community. They all told me that I
had heart trouble, but they failed to
help me. My druggist prevailed upon
me to try Dr. Miles' Heart Cure, and
Restorative. No time was lost in tak-
ing it, and after awhile my trouble
was entirely cured."

VALUABLE ADVICE

Is Furnished to Young Men
in Senator Beveridge's
Book, Just Out.

WIDE RANGE OF TOPICS

In "The Young Man and the World"
Indiana's Distinguished Senior Sen-
ator Reaches the Root of Things

Intimate Personal Tone Which He
Imparts to His Chapters Gives
Them Impressive Force.

Indianapolis, Oct. 2.—Senator Be-
veridge's new book which has been so
much talked of for several weeks, is
out. The first copy was received in
Indianapolis today. Its title is "The
Young Man and the World." It comes
from the press of D. Appleton & Co.,
New York.

The many Indiana readers of the
Saturday Evening Post who have fol-
lowed with such close interest during
the last few months the series of ar-
ticles in that publication addressed
principally to young men will be
agreeably interested in knowing that
the book which has just appeared con-
tains every one of these articles with
many more along similar lines which
the senator has written at different
times, and other matter which has not
heretofore appeared in print. The
title of the book is the title of the
first article of the series, written sev-
eral years ago. The responses from
young men and parents of other young
men, thanking him for the articles he
has written are said to reach into the
hundreds.

The book, which is addressed to
young men, is made up of the lessons
which perhaps the most distinguished
young man in this country today has
learned through personal experience.
Senator Beveridge started at the bot-
tom and got to the top in an exceed-
ingly short time, and he writes of what
he knows about the obstacles a young
man who intends to make something
of himself may expect to go up
against. But in no part of the book
does the senator make the slightest
personal reference to himself, nor does
he advise tiresomely. In fact, he does
not advise at all. The chapters read
in the style of good friends counsel-
ing together. Senator Beveridge's
versatility has often been the subject
of admiring public comment. In
nothing he has done is the exercise
of this faculty more clearly marked
than in his latest work. He knows the
young man, for happily the senator
himself may still be classed as a
young man. He is so thoroughly at
home with his subject that the in-
imate personal tone which he imparts
to his chapters gives them a force
singularly impressive. Besides writ-
ing of "the young man and the old
home" which he is about to leave, and
"the young man and the new home,"
he may be about to found for himself,
the senator writes of college life, the
choice of a profession, and on many
other topics, all of vital interest to
young men. One of the most interest-
ing chapters is the one in which the
senator talks encouragingly and with
happy optimism of the "great things
yet to be done."

THE NEXT MOVE

Legal Proceedings in Sherrick Case
Promise Complications.

Indianapolis, Oct. 2.—With the ar-
rest of Willard S. Wickard as he
stepped from a Big Four train from
St. Louis at the union station and with
his subsequent release on bond in the
sum of \$15,000, attention has been
directed toward the next move in the
legal proceedings that have followed
the investigation of the affairs of de-
posed Auditor of State David E. Sher-
rick. This—the airing of the charges
in the criminal court—is looked for-
ward to by the public with the great-
est of interest and by lawyers with
varying opinions as to the outcome.

It is said that many nice questions
of law are involved and that the points
in controversy open up a wide range
of argument. This, in connection with
the ability of the attorneys who are
interested in the affair, promises one
of the greatest legal conflicts in the
history of Marion county or of the
state of Indiana.

After being accosted by Deputy
Sheriff Myers at the union station,
Mr. Wickard met Sheriff Sourbier and
was notified of the grand jury's ac-
tion. The indictment, charging grand
larceny, embezzlement and conspiracy
to commit a felony, was read, and with
his wife Wickard entered a cab and
was driven with Sheriff Sourbier to the
Claypool hotel. A blank bond was
sent over from the sheriff's office and
in response to telephone calls, Fred
C. Gardner, W. D. Allison and Milton
A. Morris came to the hotel and signed
their names to the instrument. Mr.
Wickard was then at liberty.

Veteran Ends Sufferings.
Idaville, Ind., Oct. 2.—Curtis Brown,
sixty-four years old, a veteran of the
civil war, while suffering from the
pains of cancer, shot himself in the
mouth with a 22-caliber rifle at his
home, and died instantly.

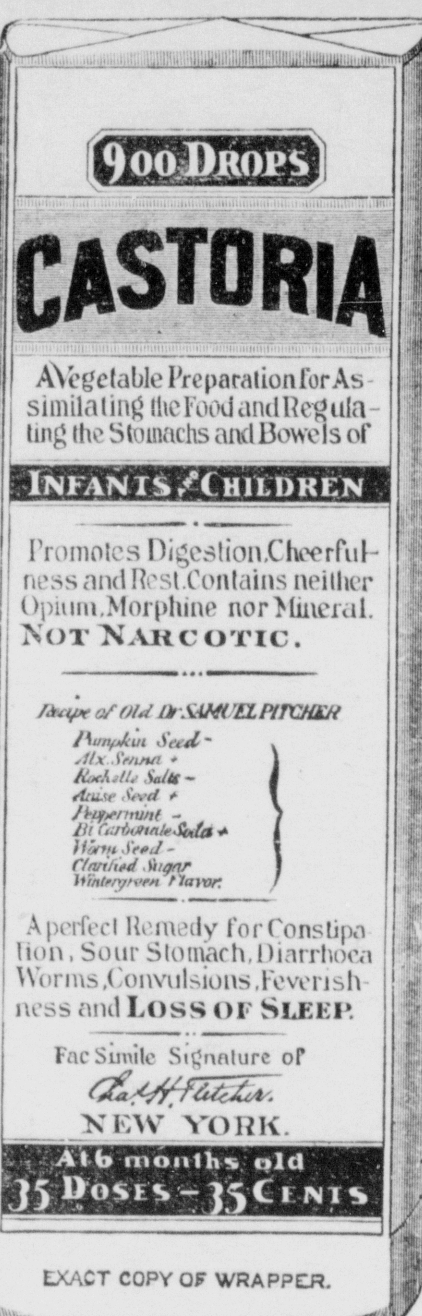

Richmond, Ind., Oct. 2.—Several
thousand people attended the Indiana
yearly meeting of Friends here Sun-
day. The day was devoted to relig-
ious services.

SEEING AMERICA.

Wonderful Scenic Trip Across Rocky
Mountains to Oregon Exposition.

In certain respects the excursions to the
Lewis and Clark Centennial Exposition, Port-
land, Oregon, via Pennsylvania Lines, begin-
ning May 23rd and continuing through the
summer, offer advantages never before pre-
sented to Exposition visitors. The trip to the
Oregon Exposition, in addition to the attrac-
tiveness of the extensive exhibits, includes
the journey through the scenic wonderland
of the Rocky Mountains and the Cascade
Range, and what American has not looked
forward from the days of the geography class
in school to the time when those great sights
should be seen in reality? The time was nev-
er so favorable as now. The trip may be
made less expensive than ever. For only a
slight difference in fare tourists may extend
their trip to San Francisco and Los Angeles.
The return trip may be made over a different
route, enabling travelers to view much more
of the west. For full particulars, fares, dates
of special excursions to Portland on account
of conventions, through time and passenger
service apply to ticket agent of Pennsylvania
Lines.

DRIFTING TOWARDS BRIGHT'S DISEASE

Many people who are neglecting symptoms of kidney trouble, hoping "it will wear away," are
drifting towards Bright's Disease, which is kidney trouble in one of its worst forms.

FOLEY'S KIDNEY CURE

stops irregularities, strengthens the urinary organs and builds up the worn-out tissues
of the kidneys so they will perform their functions properly. Healthy kidneys strain out
the impurities from the blood as it passes through them. Diseased kidneys do not, and
the poisonous waste matter is carried by the circulation to every part of the body,
causing dizziness, backache, stomach trouble, sluggish liver, irregular heart action, etc.
If you have any signs of Kidney or Bladder Trouble commence taking FOLEY'S
KIDNEY CURE at once, as it will cure a slight disorder in a few days and prevent a
fatal malady. It is pleasant to take and benefits the whole system.
